Dedication

TO
"BUD" MOODY

Who called Mineola home,
and who returned to teach
and coach the High School
Yellow Jackets in 1946 to
1948.

Bud Moody, teacher, coach and gentleman, was a rare man.

He was loved and admired by high school athletes, both members of his own teams and of his opponents. He had a lovable, gentle nature, a fine sense of humor and a great philosophy of life. He coached high school athletes and during his service in the US Navy he trained teams then readying themselves for battle in the Pacific Theatre. He manifested at all times the finer things in life. All who played with or for him have been enriched by his life.

He left us the summer of 1956, but his influence reigns on.

Special commendation and honor are hereby given Kay Cooper, freshman, who despite her handicap in walking, has achieved where many have failed.

In Memoriam

*Mr. W. A. Tindel, Jackie's father, who was stricken while attending the 1956 home game with Grand Saline.

*Hubert Ellsworth, senior, who passed from us the summer of 1956.

Freshman Class Sponsors and Officers

Under the gavel of John Perry English, Class President, the Freshmen have operated in a separate building this year and have participated both in Junior and Senior High activities to some extent. For one thing, the two class sections attended both school assemblies and both athletic events. However, this class was associated with only the Junior High students in Student Council work.

Listed on school activities are many in the Jacket Band from this roster, Buddy Miller and Tommy Bowdoin on the Jacket football squad, and Miller, Boudoin and Robert Dickerson on the court squad. Dianne Martindale and Rose Kinney performed in the Majorette section, and Dixie Johnson and Jerry Puckett are 1957 Class Favorites.

Eighth and Seventh Grades

Principal G. E. Green has been Junior High principal since 1949. Junior High School was erected in 1949 and housed the sixth, seventh and eighth grades until this year. However, the present term is on a different plan. A new school building for the first two grades made room for the sixth grade at East Elementary. The Freshmen were then housed in the Junior High Building along with the seventh and eighth grades. This made a total of 232 students, with some lap-over of instruction throughout Junior High and Senior High.

High times have come through the years in the fall when the football teams have won district championships. Since those days, the school has had four championships, has tied twice and won second place once.

Twirling has been a regular extra-curricular enterprise with the girls. This brings them into Senior High with techniques already perfected.

Both Senior High and Junior High students used the Junior High cafeteria and its facilities. All Parent-Teacher meetings and many programs are scheduled for the Junior High auditorium.

Mr. Green thinks June Aaron and Garry Caffey have the right idea.

Future Farmers of America, under the competent advisory of Mr. Lester Cole, seek to further agricultural projects and benefit the community in the end. Duane Bishop has led this class of forty-seven boys who have shown exceptionally high standards. Each spring this organization sponsors the Sabine Dairy Show. Both boys and sponsor attend shows throughout the year for exhibiting or judging or both.

Sewing Class in action. Handwork today.

The Future Homemakers of America organization is national in scope. The purposes of this organization are as follows: to promote a growing appreciation for the joys and satisfactions of home life, to emphasize the importance of worthy home membership, to encourage democracy in home and community life, to work for good home and family life for all, to promote international good-will, to foster the development of creative leadership in home and community life, to provide wholesome individual group recreation, and to further interest in home economics.

Meetings are held once monthly with organized programs in charge of certain groups of girls, and worthwhile trips are taken throughout the year. Representatives attend the district, area, and state meetings.

Officers on Front Row: Bobbie Townsend, Vice-President; Linda Oglesby, Secretary; Betty Hooks, Parliamentarian; Betty Skinner, Song Leader; Jeanette Buckley, President; Linda Turner, Treasurer; Nancy Scott, Historian; Kay Cooper, Member; Mary Ann Vicars, Reporter. Office Aids

Eleven girls have given at least one study hall each day to helping Mr. Bruner in his office.

Library Staff

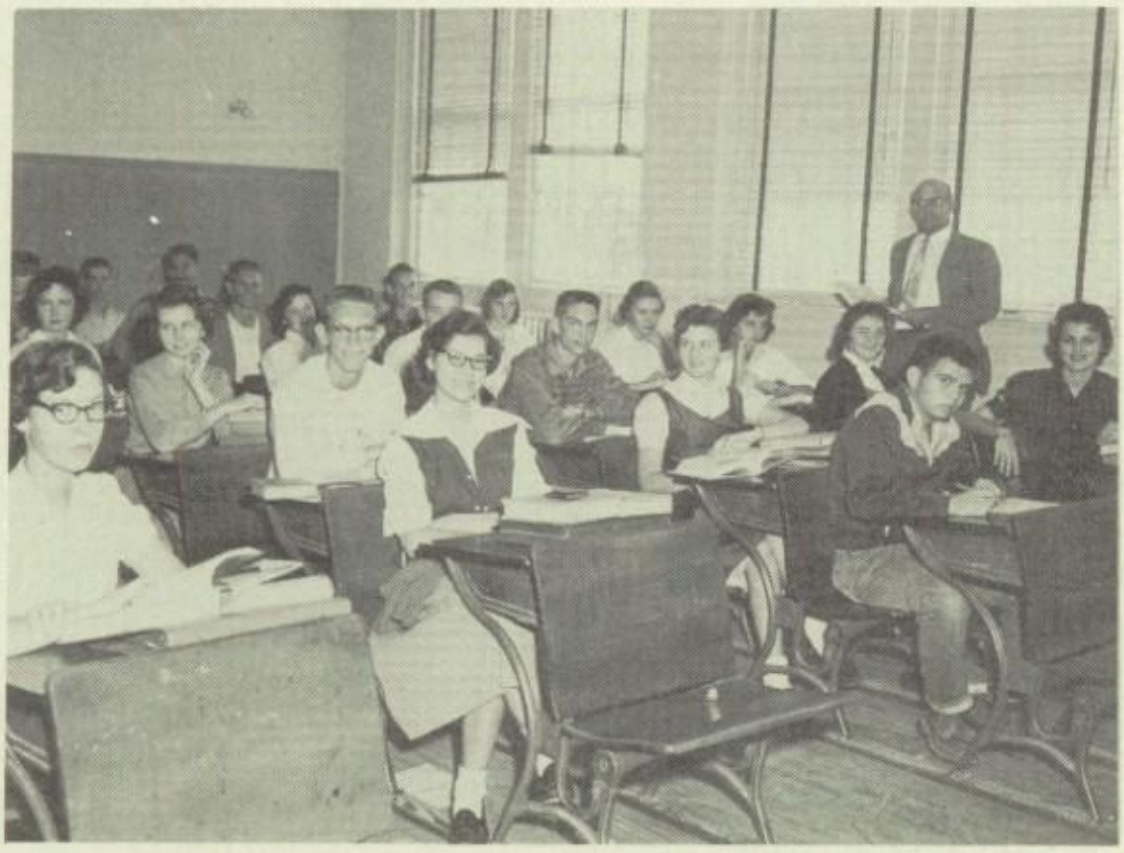
These eight responsible students have given of their time to help Miss Gambill in keeping the library a smooth-running place of study and research.

Yellow Jacket Staff

The staff has worked diligently to publish this story of your school year for your enjoyment.

Science Department

The Physics class studying the fundamentals of matter and energy. Is A. J. Tucker hiding behind the bottles? Stanley Mallory "brown-noses" Mr. Evans, eh, Mallory?



Mr. Bruner's Biology class is strictly on the ball--er--on the subject. Evidently, this is not "frog-cutting" day.

Third-period scientists focus their attention on Mr. Evans and his experiment. That is, nearly all are listening.

Business Department

SHORTHAND

Three Shorthand students concentrate during dictation: Glenda Cooke, Lynvol Arthur, and Tommie Lou Shoemaker.

TYPING I

Sheila Max looks calm as First Year typists continue with their assignments despite the photographer.

TYPING II

Joyce Jackson and Dorothy Hays may be making 50 words per minute by this stage of the game in Typing II.

BOOKKEEPING

Joyce, Martha and Dorothy Jane attempt to balance their books.

History
Government
Economics

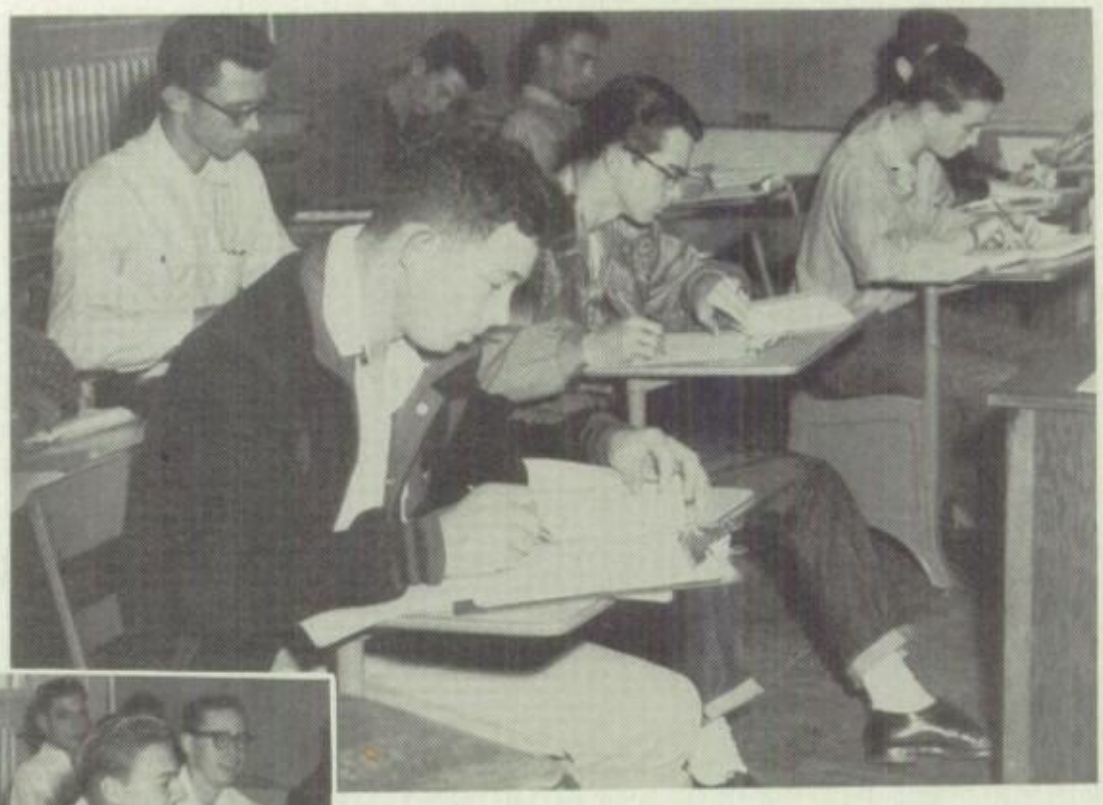
Ferrell Whitus appears to be studying Solid Geometry during Government class while the rest of the class day-dreams. Better watch 'em, Mrs. Willis!

Mr. Moore has his Economics class slaving away at statistics. (Sorry, Mr. Moore. The photographer missed you.)

Mrs. Willis explains American History to Barry Bruner while Jesse Bradley looks on.

Coach Friemel's World History class listens intently to the report someone out of sight seems to be giving.

Math



Seven of the ten seniors making Solid look like a snap course.

Barry and Tommy appear to have troubles in Plane Geometry.

D'Nard explains Kay's problem (at the board) to Robert (across the aisle.)

Algebra II mathematicians take a break.

English Classes

Ferrell Whitus reads lines from "Rabbi Ben Ezra" to members of English IV.

A poster on American Writers is displayed by Lanelle Dixon. Was it to the photographer?

June Gearner smiles about the picture of Dean in her "Rock and Roll" notebook.

The intricacies of the library system are explained by Helen Jane Shipp.

Journalism
Speech
Spanish

Journalism class and editor, Lynda McDonald, get together for final approval on an issue of the Jacket Buzz.

The eloquence of Jerry Kelley holds the attention of most of the speech class.

"¡Ola, amigos!" from the first year Spanish class taught by Mrs. Moody. Not even the Spanish could beat these smiles.

L I B R A R Y

Pigskin Review

The small but snappy Mineola Yellow Jackets, after losing four of the first five games, came roaring back to win all conference encounters except the one with the Terrell Tigers, who progressed to the state semi-finals before they were stopped by Stamford. This meant second spot for the Sloan-Friemel coached Jackets.

Almost a quarter of a century has passed since USECO published its first school annual. As we review those pages of yesteryear, a pleasant thought comes to mind—on some tomorrow this, the nineteen hundred and fifty-seven edition, will take its place in your heart as a pictorial history of the "good ole' days."

We know this book will increase in value with the passing of each year, and are honored to have played a part in recording it.
